Paper 2 Overview

Your notes

Paper 2: Drama is the second exam paper you will sit for CIE IGCSE Literature in English (0475 and 0992) if you are taking the **100% Exam route**. You will have two questions to answer on two different set texts. You must answer one passage-based question and one essay question.

The exam paper can be summarised as follows:

Paper	Questions	Time	Marks	% of GCSE grade
Paper 2: Drama	2 (on two different set texts)	1 hour 30 minutes	50 (25 marks per question)	50%

The questions are equally weighted (meaning that they are worth the same) and each question tests all four Assessment Objectives. These are the key skills you are expected to demonstrate in your responses to each question. To be successful, you must explain and analyse how writers have conveyed their meanings through a wide range of different language and structure devices, and you must do this in conjunction with relevant evidence selected from the texts.

Assessment Objective	Definition	What this means
AO1	Show detailed knowledge of the content of literary texts in the three main forms (drama, poetry and prose) supported by reference to the text	You need to demonstrate your knowledge of the text through reference to details in the text and via the use of accurate, relevant quotations from the text Your use of quotations and indirect references to the text should support your views or arguments The quotations you choose should help you develop explanations of meanings, significance and context in your response

Your notes

AO2	Understand the meanings of literary texts and their contents and explore texts beyond surface meanings to show deeper awareness of ideas and attitudes	You need to show that you understand the main ideas, settings, events and characters in the text You need to demonstrate that you understand implied or hidden meanings in the text You should also demonstrate that you understand the significance of a part of a text in relation to the text as a whole
AO3	Recognise and appreciate ways in which writers use language, structure and form to create and shape meanings and effects	You need to be able to analyse, in detail, the choices the writer has made and how they use language, structure and form to convey impressions and ideas, or to present settings, characters or events You therefore need to be familiar with the techniques a writer might use to achieve specific effects for readers or audiences
AO4	Communicate a sensitive and informed personal response to literary texts	This refers to how you shape your writing in such a way as to communicate your engagement with the text Your personal, evaluative response has to be supported with references to the text A personal response begins by demonstrating understanding of the question and the text in the introduction You should be sensitive to imagery and sound, and you should be informed by the words of the texts

		This Assessment Objective can also be explicitly addressed and reinforced in a well-developed conclusion

Your notes

You will be given a choice of two questions for each text. Because there are so many text options, it is really important that you read through the exam instructions carefully, and make sure you have selected the correct questions and texts according to what you have studied. It is essential that you choose **one passage-based question, and one essay question, on two different texts** (you should not answer both questions on one text). The essay question **may** tell you not to use the passage printed for the previous question in your answer. It may also tell you to explore two moments in a play specifically in your answer. It is therefore very important that you read your question instructions carefully.

This is a **closed-book exam**. This means that you will not be allowed to take your copy of the texts into the exam room. However, relevant passages will be printed on the exam paper for you.
